

get_report_list.php

Returns the list of all public reports of a company including the corresponding download links.

Description

GET

`get_report_list.php?company=COMPANY_RTIKEY&import=IMPORT_RTIKEY`

Parameter

Parameter	Description	Type	Note	Mandatory
company	RTI company key	string		yes
import	RTI import key	string		yes
format	response format	string	'csv' or 'json'. Default is 'csv'.	no

Return

A character string is returned. On error "**403 - forbidden: access denied.**" http-header will be sent.

CSV format

On a correct request the report data will be sent as CSV (comma separated value). First line is the header with column names. Data is following afterwards.
