

cancel_order.php

Sends a "cancel order" to the connected display of requested car and sets the order as deleted/closed.

Requested custom order id will not be checked for duplicates. By default only the first found order will be cancelled. But you can specify by a flag that all found orders should be cancelled.

Description

POST

cancel_order.php?company=COMPANY_RTIKEY&vehicle=VEHICLE_RTIKEY&customorderid=AUF_1234

Parameter

Parameter	Description	Type	Note	Mandatory
company	RTI company key	string		yes
vehicle	RTI car key	string		yes
customorderid	own order id	string	max 20 chars	yes
cancelall	flag if all found orders or only the first one should be cancelled	bool	is false by default	no

Return

Returns a **string**. A success message will be "**OK**". Otherwise it will return "**ERROR:Description**".

Example call

cancels order "AUF_1234"
